End of School Year Class Excursion

Friday, 29 November 2013

At the end of each school year classes generally have a class party and activity. Last year a fun day was held at the school where the children paid to participate in the activities. Separately the students in Years 1-5 attended the Water Safety Day as mentioned on the other note. This year we have decided to combine the two activities to have the students complete their Water Safety Day and then have their Class Party at Warragamba Pool. A giant inflatable water slide which will be outside the pool fencing and an inflatable jumping castle/obstacle course will also complement the opportunity to play in the swimming pool.

Note: students who have not passed the Water Safety Day in the morning will not be able to swim but will be able to take part on the inflatable activities as well as the class parties. Year 6 completed their Water Safety Day this year so this is still valid. Kindergarten students are not able to participate in the swimming pool area but can do all other activities.

This is a great opportunity for the class to celebrate their year together before the holidays commence.
